

## 10 MW Biofuels Electrical Peaking Plant

### Technical Specifications:

Equipment –

One Frame 5E GE Combustion Gas Turbine

MW Rating – 10 MW

Transformer WH 10 MVA 34.4Y – 12.6 Delta

SCADA and Synchronous Control Logic

Schweitzer Communication Panel

Fuel –

Biodiesel, Renewable Diesel and Alternative Fuels

Power Sales – Peaker Power Sales

Power Grid – SERC

Interconnect – Entergy Texas

Status – Operating

**AEC Provides Design, Build and Operation Solutions for Renewable Fuels and Green Energy Projects**

Corporate Office  
25211 Grogan's Mill Road, Ste. 465  
Spring, Texas 77380
